in the Dy: Commr's letter no. 885 of 27-4-14 (sl. 1). The practice of adjusting the pay of Rs 17 due to the two taluqars per annum towards the same amount of Kandayam payable on the lands in their enjoyment was objected to by the Compt^r in March 08 and since then the Kandayam due has fallen into arrears.

6 The points for orders now are (1) whether to treat the lands bearing an assessment of Rs 17 per annum and in the enjoyment of the taluqars as stal inam, the excess of 1 Ref. due by one of them being treated as khalsat or (2) to provide in the scale of expenditure of the temple on account of pay due to the taluqars and adjust that amount towards the Kandayam payable by them.

7. The Muzrai Infrah & the Dy: Commr are in favour of the former proposal, while ~~the~~ Krishna Sastri, the dharma-daroi of the temple is in favour of the latter proposal.

Deputy Commissioner

To,

Mr. Narasimha Das Esque B.A. B.L.
Offg. Secretary to Government
General & Revenue Department
Muzrai.

Sir,

In submitting herewith the records received with the Muzrai Superintendents' Kamarese Yadi no 158 dated the 10th August 1910 and subsequent correspondence thereon, regarding the Talavaru Service at Sivaganga in the Melamangala Taluk, I have the honor to state, that certain lands which were being enjoyed as Inam by the Talvare in the Inam Village of Sivaganga endowed to the temple of Sri Gangadhara Swami of the place, not-being recognized in the Inam Settlement, an assessment of 14/- was fixed thereon when the Settlement was introduced into

into the village. But the Talavaries continued to render their ~~assistance~~ service, and to enjoy the lands without paying the Assessment fixed on them. As long as the village was under the management of the Sri Swargya Math authorities, the remuneration for Talavari Service was taken to be Rs 17/- and adjusted towards the Kaudargam of Rs 17/- on the original Inam lands. After the village was brought under Government management in 1892, when the Kaudargam was demanded to be paid, the Talavaries prayed for the continuance of the old procedure of adjusting their pay towards the Kaudargam - the Amildar proposed that the pay of the Talavaries might be fixed at Rs 17/- per annum or 1-6-8 per mensem and charged to the temple funds, and adjusted towards the Kaudargam of Rs 17/- due by them. The then Muzran Secretary having ordered accordingly

Accordingly in his no. 110 dated the 17th January 1902, the amount - that was outstanding viz Rs 153-2-0 from the year Viziah) 93-94 to 1900-01 (Sarvavi) was adjusted and the same procedure continued till up to the year 1905-06.

2 The pay of the Talavars not being included in the scale of Expenditure sanctioned for the temple, the Comptroller took objection in his no. 4835/mg 177 of the 6th March 1908, to draw the amount on post-audited bills. Thus the pay of the ~~Talavars~~ Talavars from 1906-07 to 1912-13 has fallen into arrears and the Kandargam due from them for the above period has been outstanding in the accounts of the village. Hence the bill for Rs 119/- being the pay of the Talavars for 7 years from 1906-07 to 1912-13 is herewith submitted for favor of sanction.

3

To avoid this kind of in future either the pay of Talavars has to be included in

in the Scale of Expenditure of the Temple,
or the lands to be treated as "Stala Inam
for Talavan Service", in the account of
the Village as before. Kishnasastri the
Dharmadasee of the Temple in his
letter dated 4th December 1901, submitted
to the then Muzrai Secretary, states that
the former course is not beneficial as
it will leave it possible for Talavans to
alienate the lands and quit the Service,
and that the pay according to the
present arrangement being very low
will not be attractive to others, that
therefore much higher pay will have
to be paid from the Temple funds
for the Talvan Service. The Muzrai
superintendent is of opinion in his
Yadi no. 158 dated the 10th August
1910, that it is easier to treat the
lands as Service Inam.

4. In the circumstances of the
Case, I also think that it is best
to consider the lands as Temple servi

Service and Talavari Inam and Solicit
orders of Government in the matter.

for Talavari, service was taken to be Rs 17 and the amount was adjusted towards the Kaudayam of ^{land in question.} Rs 17 on the ~~£~~ ~~same~~ lands. After the village came under Govt management in 1892, the pay of the Talavars was, under the orders of the then Muzrai Secretary, fixed ^{continued to be} at Rs 17/- and ~~the same was~~ adjusted towards the assessment due on the lands. As the pay of the Talavars was not included in the scale of expenditure of the temple, the Comptroller took objection to draw the amount on post audited bills, and consequently the pay of the Talavars from 1906-07 to 1912-13, as well as the Kaudayam on the lands for the ~~same~~ period fell into arrears.

To avoid this difficulty, the Dy. Commr proposes that either the pay of the Talavars may be ^{included} in

in the scale of expenditure of
the temple or the lands created
as "sthal man" for Talavar service
and solicits orders in the matter.

Govt, in full consideration
of the ~~circumstances of the case~~,

~~accordingly~~ that the pay of
the Talavars be fixed at Rs 17/-
